1 st FVRCP	8-12 Weeks
1 st Leukemia (C.P)	8-12 Weeks
2 nd Deworming	10-16 Weeks
1 year FVRCP	10-16 Weeks
1 year Leukemia (C.P)	10-16 Weeks
1 Year Rabies	16-18 Weeks

COMPLETE KITTEN PROGRAM

\$330.00

Includes everything from the Basic Kitten Program and:

Feline Leukemia test

Immunodeficiency test

2 Feline Leukemia vaccinations

Both Programs end at approximately 17 weeks of age

Your kitten's immune system is still developing and is very susceptible to disease. Keeping this in mind, our doctors ask that you do not allow your kitten anywhere outside until the vaccine series has been completed and it has been 10-14 days since the last vaccine was given.

ALL KITTEN PROGRAMS ARE NON-REFUNDABLE AND EXPIRE EITHER AFTER THE RABIES VACCINE IS GIVEN, OR 17 WEEKS, WHICHEVER COMES FIRST.
